June 2025

Empowering and Equipping Local Councils to Benefit their Communities

Reminder to join us!

Dear Council Chair and Councillors,

CAPALC invites your council to join us in membership for the 2025–2026 period, with no increase in fees this year from us.

Membership provides direct access to the National Association of Local Councils (NALC), including its legal resources, templates and guidance, which is of great use to councils.

The accompanying leaflet highlights CAPALC and NALC's achievements, along with the other benefits included in being affiliated with CAPALC and NALC.

A key focus this year is the Devolution White Paper, which will restructure local government (District and County) into Unitary authorities. NALC is actively engaging with the government to ensure local Parish and Town council's voices are heard. Currently there is a live consultation about the options and choices in Cambridgeshire and Peterborough on your district or city council's website. Do check it out and have your say!

CAPALC also collaborates with relevant local organisations and continuously updates its training and events — available both online and in person — to support member councils. Councils are encouraged to nominate a representative to stay informed and share feedback.

For further information, councils can contact CAPALC directly office@cambs-peterborough-alc.gov.uk

Whilst we are building our new website you can also contact us at advice@cambs-peterborough-alc.gov.uk for any information/assistance you may need.

Yours sincerely,

Henry Clark, Chair
